

THE LIGHTHOUSE GRAND BY MARC RUTENBERG HOMES. 1998 MASTERPIECE HOME.

Classic home designs like the Lighthouse Grand starts with concepts of elegance, beauty and creative design. When we combine those concepts with "architecture meets lifestyle," we create some "Architectural Magic" that caters completely to the comfort and functionality of the family that will live inside. Bold innovations by Marc Rutenberg win the awards, set the standards and create a further definition of quality and attention to detail for those discerning homeowners seeking a higher standard of design, functionality and value.

Prices including Lansbrook homesite are from the \$260s to \$600s, and just 4 miles north at Grey Oaks, a community of just 75 Marc Rutenberg estate homes from the \$260s to Mid \$400s, built around an exclusive American bald eagle sanctuary.
